The Emergency Nurses Association is accredited as a provider of continuing education by the American Nurses Credentialing Center's Commission on Accreditation.

The Emergency Nurses Association is approved by the California Board of Registered Nursing, Provider #2322.

This 8th edition TNCC provider course has been approved for 18.3 contact hours for RNs.

## INTRODUCTION

The Trauma Nursing Core Course (TNCC) is a one and a half day course developed by the Emergency Nurses Association to present a firm foundation in trauma nursing and to provide nurses with core or basic trauma cognitive knowledge and psychomotor skills that are associated with the delivery of professional nursing care to the trauma patient. The goal of TNCC is to improve trauma patient outcomes by providing nurses with foundational trauma knowledge, skills, and a systematic Trauma Nursing Process to guide trauma patient care. Verification of successful course completion is based on passing the written exam and the Trauma Nursing Process (TNP) psychomotor skills station. Verification is valid for four years.
