### **Notice to Researchers – Budget review**

This is to advise all researchers submitting to the UBC Children's and Women's Research Ethics Board (C&W REB), that effective December 1<sup>st</sup>, 2017, the C&W REB will be requiring the submission of the clinical trial budget in relation to all **privately (industry) sponsored clinical trials**. This requirement is being implemented pursuant to the requirements of the Tri-Council Policy Statement 2, 2014 TCPS2 2014 Article 11.11 as well as the National Standard of Canada for Research Ethics Oversight of Biomedical Clinical Trials, CAN/CGSB-191.1-2013 Article 4.4.3.2 (m).

The purpose of the review is to ensure that there are no relevant financial conflicts of interest including the use of inappropriate recruitment incentives.

In order to avoid delay in review, please ensure that the Funding application summary number (FAS / Grant application #) is included in Question 2 of the REB application. The review will be undertaken only by the REB Chair, Co-Chair and/or Sr. Administration (REB Manager, Director Research Ethics) and all submissions will be deemed strictly confidential.

If you have questions or concerns relating to this policy, please feel free to contact:
