

Hello,

When communities band together, they go further. Like a lot of businesses, we've been looking for ways we can help during these uncertain times.

Filld is committed to safely delivering gas to our customers, like we always have. Now, we'd like to thank all hospital personnel and first responders by offering **\$10 off every fill-up* until April 17th**.

Please pass this information on to your healthcare co-workers at St. Paul's, Burnaby General, VGH, Lions Gate, Children's Hospital, Women's Hospital, St. Vincent's Hospital, Mount Saint Joseph, and UBC Hospital. Please note that our service delivery area currently covers **Vancouver, Burnaby, North Vancouver, and West Vancouver (to Horseshoe Bay)**.

Filld is offering the following to healthcare workers:

1. A **\$10 discount** on every fill-up, and no delivery fee.
2. Sign up for Filld and use promo code **SupportHealth2020**, and we'll deliver Chevron with Techron gas to your home with the discount as many times as you like, before April 17th.
3. You can also show your Healthcare ID at any Chevron station before April 17th to get \$10 off every fill.

What is **Filld** and how does it work?

We're a mobile fuelling service that only uses Chevron with Techron gas for the same price you'd get at the pump. Our service is easy:

1. Sign up at **filld.com** and find delivery days in your area. (See website FAQ for our delivery areas)
2. We'll text before we come. Reply "yes" to our text if you need a fill.
3. Open your gas flap and we'll fill you up at the predetermined time.

Thank you, healthcare workers for your continued work and support.

Sincerely,

Team Filld

Text the promo code **SupportHealth2020** to **224-224** or
Click the link to sign up: www.filld.com/gasdelivered

*Minimum delivery amount of 20L for \$10 discount off every fill-up.
Offer valid until April 17, 2020 for new Filld customers in Canada only.
Parkland Fuel Corporation is the sole marketer of Chevron branded fuel in Canada.
