Health organization employees participating in practice education at any health organization (including their own) are required to provide completion record of above courses or equivalent to school.

Off site students completing their practicum experience at non-health organization site (e.g. at school campus or remotely), are required to have 1) COVID vaccination per <u>BC Public Health Order</u>, 2) current Criminal Records Check and 3) meet Confidentiality requirements (see list below).

**Direct care is anyone who comes within 2 metres of patients, regardless of role.

(per Health Care Worker All Hazard Personal Protection Training Framework, BC Ministry of Health, April 2016)

Health organization specific pre-requisites - all students/residents - each Health Authority or organization may require additional pre-requisites, including e-learning for clinical systems access. You must complete Confidentiality requirements at each Health Authority you attend.

Confidentiality links Websites First Nations Health Authority FHA Privacy & Confidentiality training Fraser Health Authority Confidentiality Undertaking for Student Placement Interior Health Authority Island Health Student Practice Curriculum Island Health NHA Acknowledgement form Northern Health Authority PHC Privacy & Confidentiality Undertaking Providence Health Care PHSA Privacy & Confidentiality training Provincial Health Services Authority VCH Confidentiality Vancouver Coastal Health

I agree that by completing the Checklist and signing this form I have met the mandatory pre-requisites and confidentiality commitments in preparation for my practice education placement. In addition, I am aware that each health organization and placement site/location will have specific policies and additional information that I must review and understand prior to commencing practice education activities.

5	Any requirements not met or completed may result in the cancell records are maintained and accurate. (PEG: Orientation - Students		e
