"I knew this would be an amazing experience from the support and knowledge I received on my virtual orientation day, and I have continued to experience learning opportunities that have allowed me to develop my skillset in so many ways. I am excited to carry these valuable experiences with me and transfer the skills I have learned into my future placements.

I look forward to continuing my nursing experience and I'm grateful for the encouraging learning environment I have experienced at BC Children's Hospital."

~ Giselle Fonseca

BC Children's Hospital

ABOUT THE EMPLOYED STUDENT NURSE PROGRAM

Our Employed Student Nurse (ESN) program provides nursing employment and education opportunities in a clinical setting from 200-400 hours of hands-on experience with pay. These hours will help consolidate theory and skills you have learned in your nursing programs, participate as a valued team member, and learn about different practice environments and interdisciplinary teams.

This hands-on experience will prepare you for a career in pediatric, child, youth and adult mental health, corrections, forensics perinatal, or oncology nursing. You may also be able to use this experience as a stepping stone to acquiring a preceptorship at BC Children's Hospital, BC Women's Hospital + Health Centre, BC Cancer, or BC Mental Health & Substance Use Services as part of your fourth year.

WHAT WE BRING

We strive to help our nurses be the best. Nurses at PHSA assure consistent quality nursing care to all patients and their families within a supportive practice environment.

- **GROWTH OPPORTUNITIES** unique placements that foster professional growth and development and the opportunity to consolidate your skills and abilities in a supportive work environment
- **TRAINING AND DEVELOPMENT** access to over 2,000 in-house training programs, such as San'yas Indigenous Cultural Safety Training course
- **PERKS** access to fitness classes and discounts to 350 BC-wide recreational programs, travel, technology, car and bike sharing, and more

Visit www.phsa.ca/ESN to learn how to apply.
