

my.CareConnect Portal: OpsRelease Version 1.0

October 28th, 2025

Summary:

This release includes changes to the landing page's UI, worksite modules, improved logging capabilities, and a bug fix.

Updates:

1. Landing Page UI

- Private CareConnect email (unmonitored) replaced with PHSA Service Desk's phone number
- Layout changes to improve user experience and clarity of the portal's purpose

2. Worksite modules

- Added "Cancel" button to remove sent invitations under "Invite Members" tab
- Inactive sponsors no longer appear on MOA's "Request Sponsorship" drop-down list under "My Sponsors" tab

3. Improved logging

- Deployed improved logging capabilities for better troubleshooting and customer support

4. Error in Notification Centre

- Fixed a bug where accepting/cancelling an action item in the Notification Centre may cause an error
