

my.CareConnect Portal: OpsRelease Version 3.0

September 8th, 2026

Summary:

This release includes changes to the worksite page's UI and the Edit Worksite tab for clearer navigation.

Updates:

- **Worksite page's UI updated:**
 - Renamed labels of tabs and statuses for better clarity
 - Removed unused tabs
 - "Worksite Apps" tab renamed to "Privacy & Security"
 - a) The Worksite Privacy & Security Declaration form can be found here. This form is only required to be completed once when a new worksite is created. A link to this form is also sent in an email when a worksite is created.
- **"Edit Worksite" tab updated:**
 - Divided into two sections:
 - a) Updates which do not require submitting a request. Includes: business email, telephone number, EMR changes.
 - b) Updates which require a request to be submitted and reviewed by the enrolment team. Includes: Worksite name and/or address changes.
