

Blocker Shocker - A Complex Case of Toxic Ingestion

February 20 at 1 pm.

Learning Objectives:

- Review an approach to pediatric bradycardia and hypotension.
- Describe an approach to the management of a calcium channel blocker overdose.
- Discuss how a concurrent beta blocker overdose would modify management.

- ABOUT THE PCCL SESSIONS -

WHEN: 3rd Friday of every month
1:00 to 2:00 pm via Zoom

WHAT: A de-identified case presented
by providers from a range of
communities across BC

HOW: The PICU team at BCCH
facilitate the interactive discussion
